

Service contract description

Our warranty

- **Standard warranty**

i.safe MOBILE warrants its products to be free from major defects in design, material and workmanship at the time of their original purchase and for a subsequent period of twenty-four (24) months or, with regard to batteries and accessories, six (6) months. Additionally, services will be rendered without application of item 4 of i.safe MOBILE's warranty conditions (see <https://www.isafe-mobile.com/en/support/service/warranty-conditions>).

- **Warranty under service contract**

Customers opting for the extra warranty under this service contract will benefit from an extended warranty period of thirty-six (36) months. Additionally, services will be rendered without regard to item 4 of i.safe MOBILE's warranty conditions (see <https://www.isafe-mobile.com/en/support/service/warranty-conditions>). Mechanically defective parts will be replaced free of charge. Only accessories like batteries, SD cards etc. will be invoiced.

If you wish to obtain the service contract for your device, please expressly add this option to your purchase order as a separate line. You can also choose to obtain this option later by placing a separate purchase order for the service contract. Please note that this separate order must be placed no later than forty-five (45) days after the device has left your vendor's premises. Furthermore, separate purchase orders for the service contract can only be accepted if the serial number of the device, for which you wish to obtain the service contract, is correctly indicated on the purchase order. You will find the serial number on the device itself as well as on the invoice and/or delivery note.

Total payment of the fee is required before the service provision by i.safe MOBILE can commence. Please understand that the fee cannot be reimbursed in case of destruction or loss of the product.

ONLY FOR QUALIFIED PURCHASES

Any purchase of the Service Contract includes your representation to i.safe MOBILE that the product purchased and subject of the Service Contract will be used for research or business purposes, and otherwise not for personal, family, or household purposes. It is your responsibility to ensure that the foregoing representation is accurate and i.safe MOBILE is not responsible for unauthorized purchases of the Service Contract under the requirements of any local, state, or federal regulations applicable to consumers or personal, family, or household purchasers, including but not limited to the Service Contracts Model Act, the Service Contract Regulatory Act, or any similar regulation of service contracts or extended warranties.

What we will do

If during the service contract period the product fails to operate under normal use and service due to defects in design, material or workmanship, i.safe MOBILE or its authorized service partners in the country/region where you purchased the product will within a maximum turnaround time of five (5) working days repair or replace at their sole discretion. Should we be unable to trace or detect the fault described in the service request form, the service team will contact you for a more detailed description of the fault or to definitively rule out a potential fault. This may increase the turnaround time.
